RESPONSE TO NOTIFICATION OF A DEFECTIVE RESPONSE

Assistant Commissioner for Patents,
Washington, D.C.

Sir:

In the above-referenced national phase application, the Office issued a Notification of a Defective Response on December 10, 1998. This notice indicated that the oath or declaration was not in compliance with 37 CFR 1.497(a) and (b). Specifically, according to the Notification of a Defective oath or declaration, it was noted that the declaration does not identify the inventors. However, this position by the Office is respectfully traversed.

The declaration in this application was submitted as two separate declarations by the respective inventors. Each declaration lists the respective inventor. Thus, the declarations identify the inventors. Accordingly, it is respectfully submitted that the

declarations previously submitted comply with 37 CFR 1.497(a) and (b) and withdrawal of the Notification of a Defective Response is respectfully requested.

Respectfully submitted,

Udo NOBEL et al.
